MEET SPINSY ON-SURFACE

**THE NEW
CAR TURNTABLE**

BY  AUSTRALIAN TURNTABLES

ALL BENEFITS LESS WORK

Spinsky On-surface allows you to take advantage of all of the benefits of a Residential Turntable: simplifying parking, reducing reversing risk and optimising space. The difference is that now you don't need to invest time and resources in civil work as Spinsky On-surface can be installed on top of most types of surfaces without prior treatment and can be ready to use straight away.

- Easy installation on many surfaces
- No civil work required
- Easy to move to other properties
- Built to be exposed to the elements
- Environmentally conscious

SPINSY ON-SURFACE IS DESIGNED AND MANUFACTURED BY AUSTRALIAN TURNTABLES

AUSTRALIAN MADE

We produce our solutions in house, from end-to-end.

BUILT TO LAST

We build everlasting, robust, and sturdy weather-resistant products.

SEASONED KNOWLEDGE

Knowing the art and science behind manufacturing since 1987.

AROUND THE WORLD

We have completed projects in over 22 countries.

ENVIRONMENTAL PROTECTORS

We select materials that can be recycled at their end of life.

Warranty on moving parts

- Residential use only
- Parts back to base
- Servicing is to be performed every 12 months
